QUALIFICATION SYSTEM – GAMES OF THE XXXI OLYMPIAD – RIO 2016

World Ranking, 6 June 2016

All players accepted (except Final Qualification Places and Tripartite Commission Invitation Places) by ITF for the Olympic Tennis Event gain entry on the basis of their position on the globally accepted 52-week rolling professional rankings. These represent the qualification system for all tennis events, with graded points awarded for all tournaments played. These tournaments, each one essentially an Olympic Qualifying event, are played on all recognised tennis surfaces, indoors and outdoors, annually and are a true measure of tennis performance across a calendar year.

56 players will receive Direct Acceptance into the singles events at the 2016 Olympic Tennis Event based on the recognised international singles computer rankings of 6 June 2016, with a maximum of four (4) players per NOC.

Final Qualification Places (ITF places)

Final Qualification Places (ITF places) will be allocated according to the below (in priority order):

1. Host Country Representation – if the Host Country does not have a representative via Direct Acceptance, its best ranked athlete based on the international singles rankings of 6 June 2016 shall qualify.
2. Regional Representation – if any of the six (6) ITF Regional Associations do not have a representative via Direct Acceptance, the best ranked athlete from that region will gain a Final Qualification Place, provided they are within the top 300 on the international singles rankings of 6 June 2016.
3. Gold Medallist/Grand Slam Champion (max two (2) quota places) - a player who has not achieved Direct Acceptance but who has previously won a Gold Medal in the Olympic Singles competition or who has won a Grand Slam singles title will qualify, provided his/her ranking is within the top 200 on the international singles rankings of 6 June 2016 and provided the quota per NOC has not already been filled. If more than two (2) athletes are eligible, places will be allocated according to the athlete with the higher number of titles. Should two (2) eligible athletes have the same number of titles, the athlete ranked highest on the 6 June 2016 international singles ranking will qualify.
4. Universality (max two (2) quota places) - if any places remain, these will be allocated to the next best ranked player on the international singles rankings of 6 June 2016 from an NOC that has no representation in that singles event.
5. In the unlikely event that the quota is not complete via the above criteria, the remaining quota places will be allocated to the next best ranked athlete not yet qualified based on the international singles rankings of 6 June 2016, whilst respecting the maximum number of athletes per NOC.

TRIPARTITE COMMISSION INVITATION PLACES

Four (4) Tripartite Commission Invitation Places are made available to eligible NOCs at the Rio 2016 Olympic Games, two (2) in each of the men's and women's singles events.

On 15 October 2015, the International Olympic Committee will invite all eligible NOCs to submit their requests for Tripartite Commission Invitation Places. The deadline for NOCs to submit their requests is 15 January 2016. The Tripartite Commission will confirm, in writing, the allocation of invitation places to the relevant NOCs after the end of the qualification period for the concerned sport.

Detailed information on Tripartite Invitation places is contained in the "*Games of the XXXI Olympiad, Rio 2016 - Olympic Games Tripartite Commission Invitation Places - Allocation Procedure and Regulations*".

E. CONFIRMATION PROCESS FOR QUOTA PLACES

By no later than 9 June 2016, the ITF shall confirm to NOCs/National Associations the names of players eligible for Direct Acceptance and Final Qualification Places (ITF Places) for singles and/or doubles based on the international computer rankings of 6 June 2016. By no later than 16 June 2016 the NOCs/National Associations shall confirm to the ITF the entry in singles and doubles of those athletes qualified by name to compete.

F. REALLOCATION OF UNUSED QUOTA PLACES

REALLOCATION OF UNUSED QUALIFICATION PLACES

If an allocated quota place(s) is not confirmed by the NOC/National Association by the confirmation of quota place deadline (16 June 2016) or is declined by the NOC/National Association, the quota place(s) for direct acceptances will be reallocated to the next highest ranked eligible player/team in the ITF World Ranking of 6 June 2016. For Final Qualification Places (ITF Places) the place will be reallocated to the next eligible player/team under the Final Qualification Places criteria.

Following the sport entries deadline, from 19 July 2016 00:00 Rio de Janeiro time (GMT-4) the Rio 2016 Organising Committee for the Olympic Games (Rio 2016) may authorise a permanent replacement of an athlete by another athlete in the same sport, discipline and event. Such replacements will only occur where there are urgent medical conditions preventing participation of an athlete, or otherwise on a case-by-case basis for exceptional circumstances.

In such event, for direct acceptances the quota place will be reallocated to the next highest ranked eligible player/team in the World Rankings of 6 June 2016. For Final Qualification Places (ITF Places) any withdrawal will be reallocated to the next eligible athlete under the Final Qualification Places criteria. Reallocations will be allowed until 23:59 Rio de Janeiro time (GMT-4) on Tuesday 2nd August 2016.

After this date, the ITF will replace any withdrawals with players/teams already onsite though not yet competing in that event. This will be done based on the World Ranking of 6 June 2016 and will be possible up until the first round match.

For Doubles events, if one player withdraws, he/she can be replaced by another player from that NOC provided the new team's combined ranking is better than the next eligible team.
